

PrinterCut Deployment Client Guide for Linux: Ubuntu 24.04

Open your terminal (Ctrl+Alt+T). Navigate to the location where you downloaded the install-and-configure-papercut.sh script. In my case, it is in the 'Downloads' folder.

Command:

cd Downloads/

ls

```
issc@issc-Latitude-5300: ~/Downloads
issc@issc-Latitude-5300: ~/Downloads$ cd Downloads/
issc@issc-Latitude-5300: ~/Downloads$ ls
install-and-configure-papercut.sh
issc@issc-Latitude-5300: ~/Downloads$
```

Run the script

Command:

./install-and-configure-papercut.sh

```
issc@issc-Latitude-5300: ~/Downloads
issc@issc-Latitude-5300:~/Downloads$ cd Downloads/
issc@issc-Latitude-5300:~/Downloads$ ls
install-and-configure-papercut.sh
issc@issc-Latitude-5300:~/Downloads$ ./install-and-configure-papercut.sh
```

Enter your password when prompted:

```
issc@issc-Latitude-5300:~/Downloads$ cd Downloads/
issc@issc-Latitude-5300:~/Downloads$ ls
install-and-configure-papercut.sh
issc@issc-Latitude-5300:~/Downloads$ ./install-and-configure-papercut.sh
Downloading "pc-print-deploy-client.deb".

```

Once the installation is complete, you must restart your computer to finalize the installation. Ensure that all your important data is saved before you type 'yes' and press Enter!

If you have saved everything, type 'yes' and press Enter.

```
issc@issc-Latitude-5300:~/Downloads$ cd Downloads/
issc@issc-Latitude-5300:~/Downloads$ ls
install-and-configure-papercut.sh
issc@issc-Latitude-5300:~/Downloads$ ./install-and-configure-papercut.sh

Processing triggers for desktop-file-utils (0.27-2build1) ...
Papercut has been installed.
To complete the installation and start Papercut the computer needs to reboot.
Please save all your work before rebooting! Reboot now (Yes) or reboot later (No)? (y/n): y
```

After rebooting, the browser should automatically open the login page of the PaperCut Client.

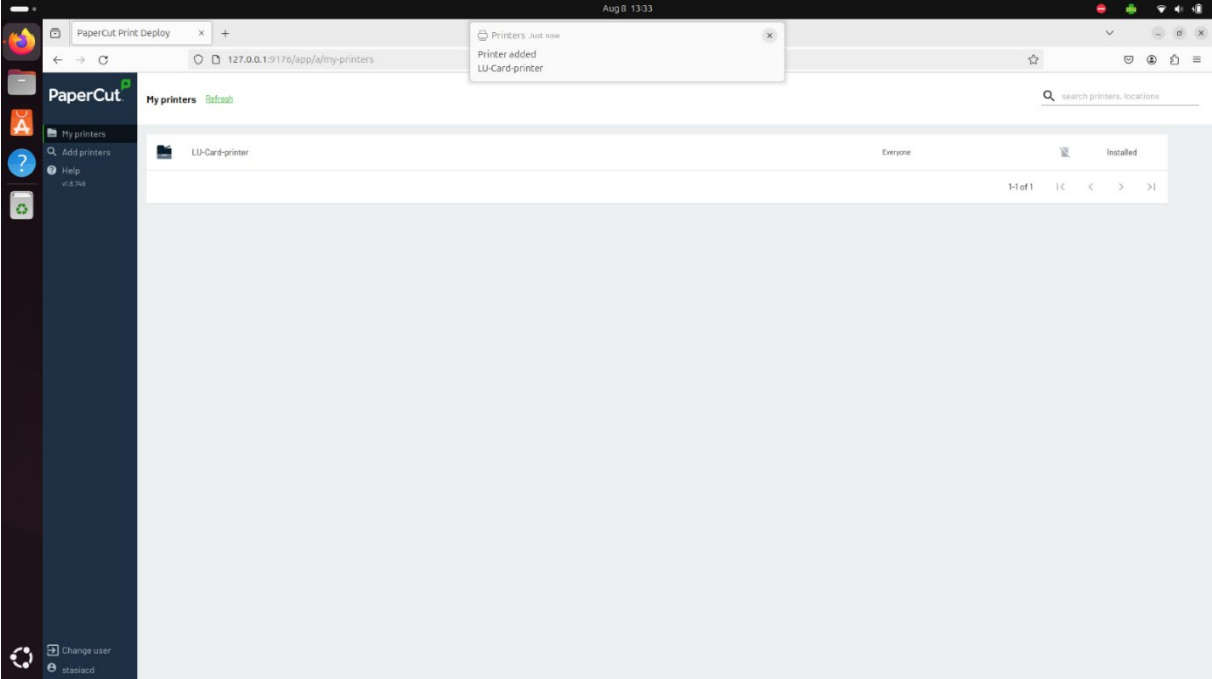

If this does not happen, click on the PaperCut icon in the top-right corner of your status bar, click 'View Printers', and then your browser will open with the PaperCut Client login page.

Log in with your UCLN account:

Click on 'Sign In'.

After logging in, the printer driver will be automatically installed, and you will receive a notification confirming that the printer has been added.

From now on, you can print from your laptop.
